ABOUT US

Zoltan Vincze

Dear Potential Partner,

This is 2021 TyToo Product catalogue for retailers, wholesalers and distributors.

TyToo is a Hungarian brand that manufactures and sells temporary, removable tattoos and body painting products (glitter tattoos, face paints, henna and hair chalks).

Who are we?

TyToo Body Art Ltd was founded in 2010 by Zoltán Vincze in Hungary. His vision is to bring joy and art into the life of young consumers. Following his direction we are constantly creating and developing collections of exciting glitter tattoo kits, tattoo stencils and glitter packs for everyday use and special events featuring amazing colors and tattoo designs. They are easy to do and no artistic skills required to create amazing glitter tattoos. All of them are safe to use as we have CPNP registration, MSDS documentations and all of our products are complying with the current EU standards. They are never tested on animals and are also safe to use as we test them frequently. We have potential partners in Hungary for 10 years, also we are building connections in the last 2 years within the EU. We are constantly looking for future partnerships worldwide.

What is glitter tattoo?

This is a temporary, easily removable cosmetic product. The designs can vary from mainly girlish-feminine patterns throughout animal motives. Once the glitter tattoo is placed on skin and completed it can last for 2 weeks at least. Obviously it can be removed within a couple of minutes just to use some baby oil.

Our products are very popular among the ages of 3-12, so our current partners are satisfied with them thanks to continuous improvements. When we design any new product, we always overview the market needs, the opinions of the customers and based on all this we can keep up with their expectations.

Wholesale and distribution networks are constantly building internationally, mainly in the toy and cosmetics categories. As manufacturers, we want to provide the best price for our partners in terms of the market. We always try to place orders within the minimum deadlines, which in the case of Hungary is 1-2 working days, while in the case of Europe it is usually 1 week. Of course, in the case of an individual order, we are flexible and strive for a mutually beneficial agreement.

Safe products for children's skin

Our products contact the skin and nails, therefore we made them as cosmetic quality (similar to lipstick, hand creams, shampoo) in accordance with the cosmetics regulation of the European Union. They have a registration number on the Cosmetic Products Notification Portal (CPNP), examination and test results and documents are available for request.

It can also be used safely by children with sensitive skin. We also work with supplies who do not do any animal testing and also ISO certified. Based on this we can guarantee our products do not contain any harmful ingredients and are safe to use.

Within Hungary we are working with over 250 retailers and wholesalers currently also we are constantly expanding our international partnership. We are constantly developing our products as we are receiving our customers and partners feedback and this is our key to sell the products easily and satisfy them constantly.

We are working large retail networks such as TESCO. We would be honoured if we can work with you for a long term partnership. Please do not hesitate to contact us for further information - our contact details can be found at the end of this catalogue and in our price list as well.
